New Free Cycle Maps

TfL and the London Cycling Campaign have co-operated to produce these maps. They are based on the A to Z of London and really useful. We now have supplies of local maps, which you can pick up at our events.

Or order directly for FREE from LCC [www.lcc.org.uk] or TfL on (020) 7222 1234. Map 9 covers H&F and more, map 10 covers central London, map 14 covers Richmond Park and Wimbledon Common [Max the dog was a star on TV at Ken's launch of the maps]

Shepherds Bush Green

At our last meeting Mike Gilroy from the Council's Highways dept showed us the latest plans. We discussed improvements that we hope will be incorporated. It was a very satisfactory meeting. We hope soon to be involved in talks concerning the roundabout.

The tram will affect things if it comes to be. Work on the NW corner may be delayed until plans are more settled.

A Printer and Posters

We now have a colour printer, as you can see, thanks to a grant from LBHF Education Dept. Jane Knight has designed a luscious poster. We have laminated prints for you to put in a friendly place.

Our Bike Week Events
